

IBAN

IBAN är en internationell standard för att ange kontonummer. IBAN består av landkod, kontrollsiffror, bankkod och kontonummer. IBAN måste alltid anges för betalningar till EU/EES och Schweiz samt ytterligare några länder. Till övriga länder kan du ange antingen IBAN eller kontonummer. I tabellen nedan kan du se vilka länder som använder sig av IBAN samt om det är ett krav att använda IBAN vid betalning till det aktuella landet.
